

Date: 9/13/2021

Dear Owner / Guest:

Due to the possibility of a tropical storm making landfall on the Gulf Coast, we ask that everyone keep abreast of the storm status by tuning into the local news or www.weather.com or click2houston.com for up to date information. The City of Galveston's website will offer updates www.galvestontx.gov. You can also tune into your local television and radio stations (740 AM) for up to date storm information.

However, we are business as usual with no storm preparation until forecasts call for sustained winds over 45 miles per hour. We would encourage everyone to be prepared for intermittent interruptions in power, wi-fi and/or TV services during storm conditions.

But for now, we are business as usual and we will update our website(www.cassadelmartx.com) in the event more serious preparations become necessary.

Thank you,

The Management and Staff of
Casa del Mar Beachfront Suites

Dear Owner / Guest:

Due to the possibility of a tropical storm making landfall on the Gulf Coast, we ask that everyone keep abreast of the storm status by tuning into the local news or www.weather.com or click2houston.com for up to date information. The City of Galveston's website will offer updates www.galvestontx.gov. You can also tune into your local television and radio stations (740 AM) for up to date storm information.

However, we are business as usual with no storm preparation until forecasts call for sustained winds over 45 miles per hour. At that time, we would ask all owners and guests to help us minimize wind damage by placing your balcony chairs (and any other items on your balcony) inside your suite. We would encourage everyone to be prepared for intermittent interruptions in power, wi-fi and/or TV services during storm conditions.

But for now, we are business as usual and we will update our website(www.cassadelmartx.com) in the event more serious preparations become necessary.

Thank you,

The Management and Staff of
